FOUNDRIES

MIDWEST Switchgear Group has "In Stock" thousands of Reconditioned Circuit Breakers (molded case, air circuit breakers, high voltage breakers, all sizes and manufacturers) plus Transformers from small dry type to large Power Transformers (oil filled and air cooled) 5 KVA to 5,000 KVA and up and 120 Volts to 138,000 Volts and above.

- Immediate Response
- Competitive Advantage
- Shipped From Stock
- Hard-To-Find-Items

OUR CUSTOMERS PROVE THE ADVANTAGE

Case 1: Save \$1,000 +

Foundry saves over \$2,000 and avoids eight weeks of delivery by purchasing a 1600 amp molded case circuit breaker, reconditioned and completely tested, from our immediate stock.

Case 2: Save \$10,000 +

Large manufacturing plant saves tens of thousands of dollars by restoring power and production in hours rather than days by purchasing one of our power transformers from immediate stock.

Case 3: Save \$500,000 +

Foundry SAVES over \$500,000 in the cost of replacing an older furnace transformer by purchasing a complete Tap Changer assembly to replace an existing faulted high voltage tap changer.
